AMERICAN AIRLINES ANNOUNCES ADDITIONAL SERVICE FROM THE MONTEREY REGIONAL AIRPORT TO DALLAS-FORT WORTH

MONTEREY, CALIFORNIA, February 24, 2020 - American Airlines announced today that they will begin daily year-round service from the Monterey Regional Airport to Dallas-Fort Worth on April 8, 2020. In addition, a second seasonal flight will be added and begins on April 8, 2020.

American Airlines started daily service to and from Monterey to Dallas-Fort Worth in spring of 2019 on a seasonal basis from April to November. Because of the overwhelming success of these flights American Airlines has decided to go year-round and add on a second seasonal flight.

“Since we began the MRY-DFW route last April, the response has been incredible,” said Jason Reisinger, American’s Network Planning Managing Director. “We are excited to expand service in direct response to customer demand.”

“We are very excited to welcome American Airlines Dallas-Ft. Worth non-stop service back to Monterey” said Michael La Pier, Executive Director of the Monterey Regional Airport. “When the service began last year, we worked closely with American and the community to make sure the service was successful. We are extremely grateful that the community responded to the new service so strongly and that American has decided to make the service year-round and to include, at least on a seasonal basis, second daily round trip. The challenge now is to support the second flight as strongly as we did the initial service so we can demonstrate to American that their confidence in the market is well placed in leading them to decide to make both flights year-round.”

The flight will be operated using a 76-seat Embraer 175 aircraft offering First Class, Main Cabin Extra and Main Cabin seating.

About Monterey Regional Airport

Monterey Regional Airport (MRY) is Monterey County’s only commercial airport and accommodates over 400,000 passengers each year. The airport services eight nonstop markets with an average of 17 daily departures. We are committed to providing our customers with superior services in a safe, secure, professional environment.
